Regional Water Efficiency Program (RWEF)

- Established in December 1990
 - Voluntary partnership among local water purveyors (13 Agencies)
 - Formed at the height of the 1988-1991 drought to promote efficient use of urban and ag water supplies countywide
- SBCWA coordinates cooperative water conservation efforts of RWEF
 - Regional programs and projects enable economies of scale
 - Applies for grants on behalf of RWEF on joint programs
 - Provides information and assistance to the 18 water districts

Lake Cachuma

Watering % Adjust
Adjust watering based
on the weather.
Weekly update on 10/23
