STEM HERO Utility Partner Benefits

Expands Engagement without Burdening Staff

Empower hard-to-reach communities. All students participate: no meter to AMI, English to Spanish speaking, single to multi-family housing.

Custom branded hot-key accounts boost adoption of priority initiatives: AMI/AMI customer panels, behavior change, incentives, career pipeline.

Incorporates and Boosts Existing Outreach

Options for utility involvement: doveetailed presentations on local infrastructure, utility professionals as role models, capstone showcase.

Options to more effectively drive efficiency measure installation while gaining insight into customer preference.

Midwest Energy Research Consortium, 4201 N. 27th St., Milwaukee, WI 53216

Empowers Real Data-Inquiry Middle Schools Crave

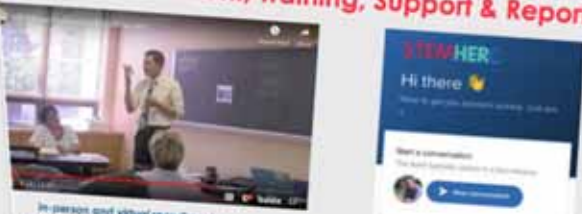

Award winning print and online curriculum: research-based, standards aligned, bilingual, untrained rigor that appeals to upper grades.

Cutting-edge digital engagement increases student enthusiasm and provides invaluable positive story telling for the school, utility partner and community.

Handles Recruitment, Training, Support & Reporting

In-person and virtual recruitment, professional development and training.

Ongoing live-chat, phone and webinar support.

Prolonged & Active Student Engagement:

Student Readings and "Smartest" Completed (Days)

Quantified reporting of repeat engagement and actions over weeks of school and at home.
