

CALWEP'S 2025 WINTER PLENARY

MISSION MOEN

LEAD WITH PURPOSE

2020 PLEDGE

SAVE ONE TRILLION GALLONS BY 2030
WHILE IMPROVING HOW WE EXPERIENCE IT

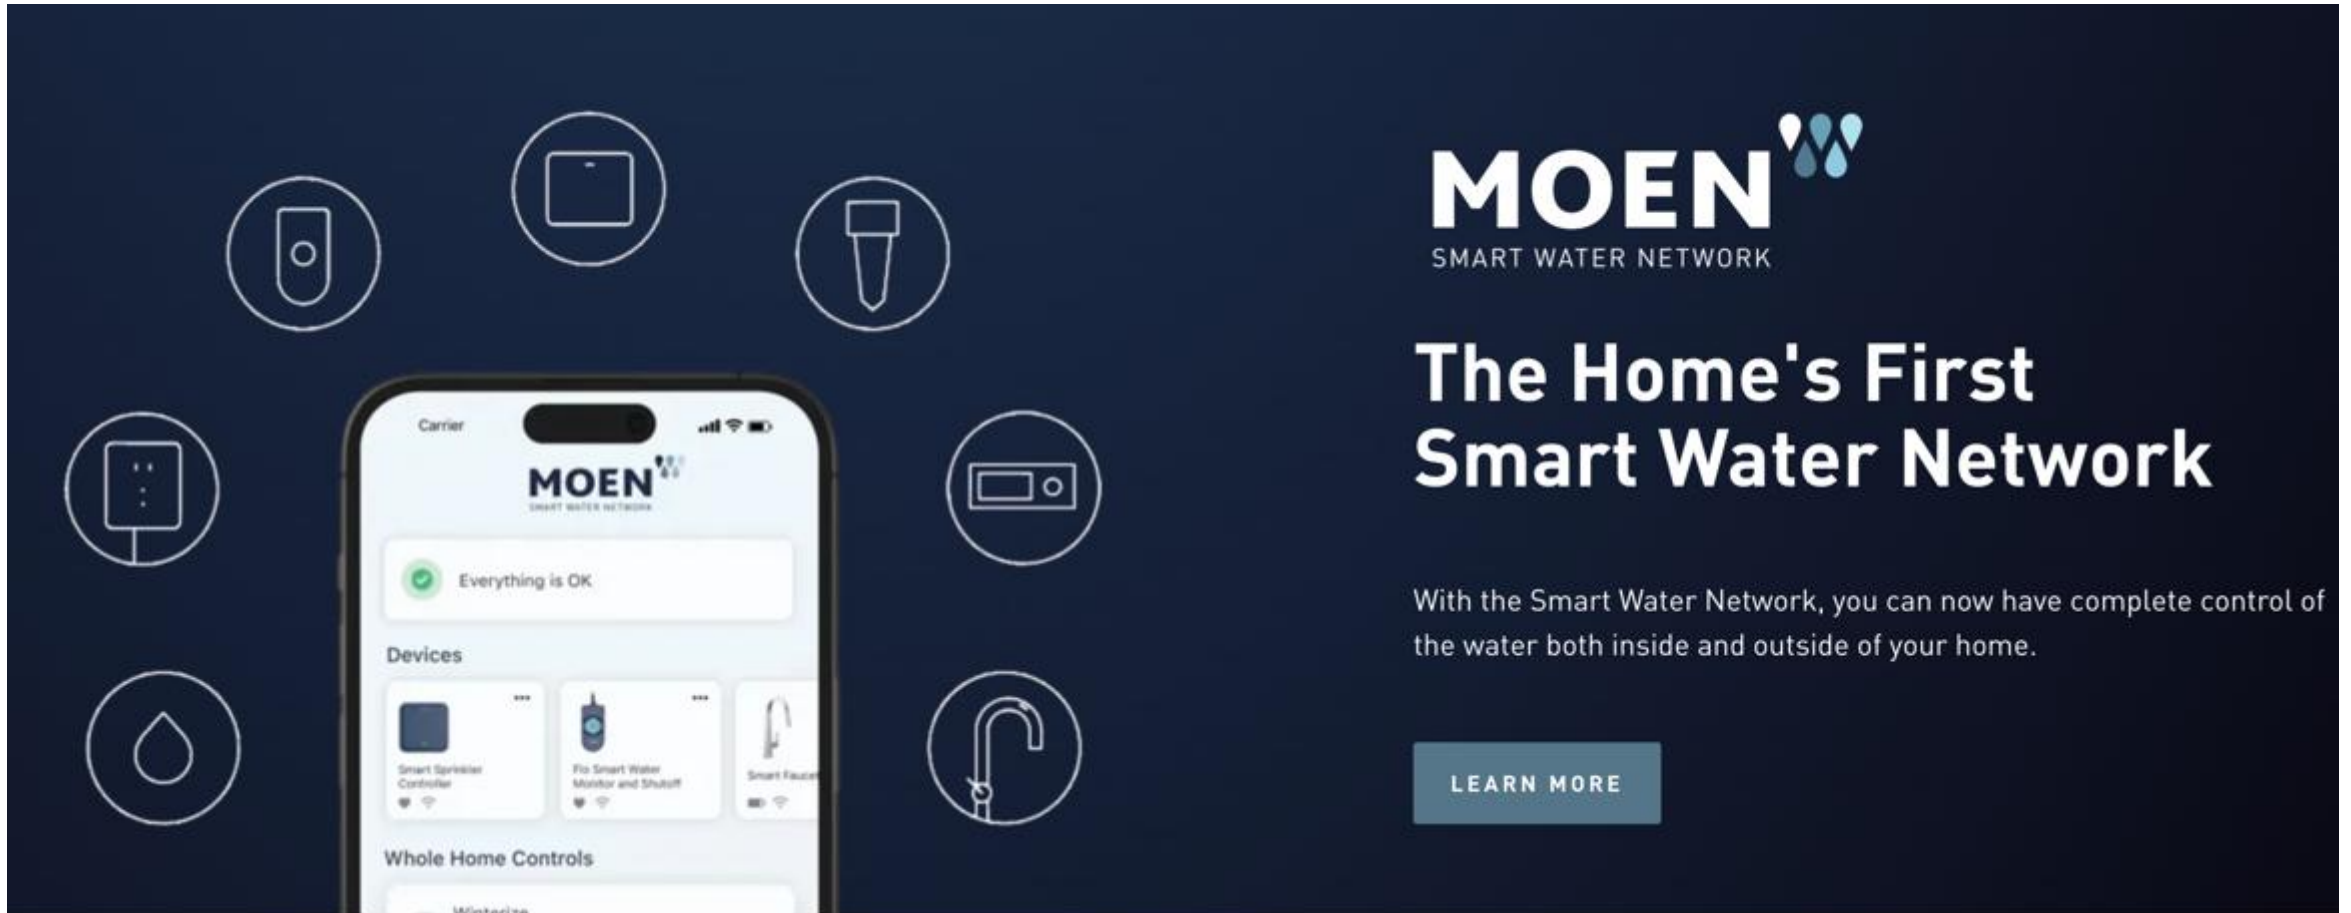

MOEN IS PART OF *FORTUNE BRANDS INNOVATIONS* (NYSE: FBIN) A COMPANY DEDICATED TO CREATING SMARTER, SAFER AND MORE BEAUTIFUL HOMES

<https://www.youtube.com/watch?v=ricl9xn7HC0&feature=youtu.be>

MOEN'S VALUE PROMISE IS NOW EXPANDED TO BRING SMART WATER BENEFITS TO THE HOME

The image shows a smartphone displaying the MOEN Smart Water Network app. The app interface includes a status bar at the top with 'Carrier', signal strength, and battery icons. Below the status bar is the MOEN logo and 'SMART WATER NETWORK'. A green checkmark icon indicates 'Everything is OK'. Under the 'Devices' section, there are three device cards: 'Smart Sprinkler Controller', 'Flo Smart Water Monitor and Shutoff', and 'Smart Faucet'. Below this is a 'Whole Home Controls' section with a 'Winterize' button. Surrounding the smartphone are several circular icons representing different smart water devices: a smart sprinkler controller, a smart water monitor and shutoff, a smart faucet, a smart water meter, a smart water valve, a smart water filter, a smart water heater, and a smart water leak detector.

MOEN®

Flo Smart Water Monitor and Shutoff Device Bundle

Give your customers the ultimate tool for leak detection

CalWEP and Moen have partnered to offer a special bundle that includes:

- Moen® Flo Smart Water Monitor and Shutoff
- 25' Extension Cable
- Transition Fittings to Match Home's Pipes
- Flo Shutoff Five-Year Limited Warranty
- Free Shipping

How Can Flo Benefit Your Customers?

This device can reduce up to 90% of household water waste to conserve water and provide potential savings on your customers' monthly bill by identifying and stopping leaks. Other features and benefits for your customers include:

Conservation Goals

Reduce your indoor residential water use standard to help meet your Making Conservation a California Way of Life budget.

Track Water Usage

Help customers track water usage by device type using Moen's Smart Water App to know when and where water is being used.

Whole Home Monitoring with Automatic Shutoff

Customers can monitor, track and control the water throughout their home, all within the Moen Smart Water App.

Water Security

Internal sensors monitor the actual water moving throughout customers' homes and distinguish between typical water usage and a leak or burst pipe.

Customization and Personalization

Further enhance customers' relationship with water throughout their home with preferred settings and/or presets for a completely personalized experience.

Control Smart Water Products From Anywhere

Control and turn water on and off from anywhere at anytime.

Notifications and Alerts

Receive real-time alerts through the app, via a text, or even a phone call, so they can take immediate action to address potential issues.

CalWEP Program Benefits

By partnering with Moen, CalWEP is able to provide unique value to participating water utility agencies:

- Special bundle pricing
- Access to Moen's award-winning customer service
- A quality and trusted product backed by the Moen name

For more information visit moen.com/calwep.

What to Expect

What is Included?

What is Included?	Bundle Retail Price	CalWEP Discounted Price
Flo Smart Water Monitor and Shutoff - 1" Device Bundle	\$584	\$529
Flo Smart Water Monitor and Shutoff - 1.25" - 1.5" Device Bundle	\$811	\$749
Flo Smart Water Leak Detector - 1 Pack	\$49.99	\$37.49
Flo Smart Water Leak Detector - 3 Pack	\$129.99	\$97.49

How Does the Program Work?

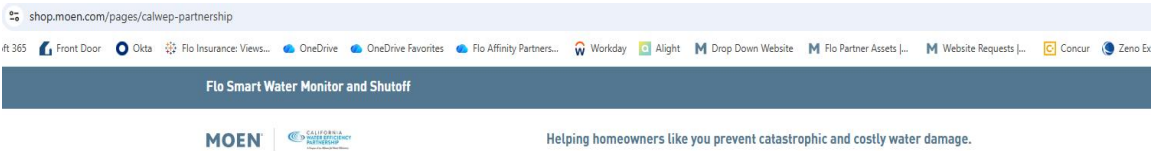

1	Each interested water agency signs a participation agreement with CalWEP. If applicable, the agreement will note the agency's rebate amount and quantity of rebates allocated, and agency places funds on account with CalWEP.
2	Participating agency supplies water utility account numbers for customers of participating water agencies that are eligible for the program. This file is updated as needed.
3	Moen creates a "promo code" for each participating water agency based on account numbers.
4	Moen loads promo codes into its system and sets the rebate amount and quantity of rebates allocated for each participating water agency.
5	All customers of the participating water agency are directed to a Moen-managed, CalWEP-branded site for enrollment.
6	Customers purchase directly on the site and are given access to Moen's network of third-party installers. Moen ships directly to the customer.
7	Each month, Moen sends a file to CalWEP identifying which customers have purchased a Flo device for each participating agency, along with their corresponding rebate amount.
8	CalWEP issues a check to Moen reflecting the allocated rebate amounts for each participating water agency.
